A gastronomic and creative space, our restaurant offers a boreal-inspired cuisine that emphasizes our nordicity by highlighting local artisans and fresh regional products. Because nature does things so well, we wanted to create a menu of tasty and amazing dishes that will make you discover the best it has to offer, one season at a time...

To discover: an ephemeral and evolving menu that changes with the seasons. An eco-responsible approach to gastronomy that focuses on quality versus quantity. A thoughtful, refined and intelligent gastronomic experience combining hospitality and know-how to offer unique and extraordinary moments.

The Nord restaurant draws its raison d'être from the richness of the terroir and the expertise of local artisans. Its mission is to offer a taste of the variety of foods grown, raised, produced and harvested here, from the most common to the least known. We source our ingredients from local producers because we want to pay tribute to their colossal and masterful work, support the local economy, encourage sustainable eating and, quite simply, offer exceptionally high-quality, delicious products that are always fresh.
